To whom so ever it may concern

This is to certify that M/S Geometric Engineering Services has worked for Alembic research center especially in the field of MEP design and consultation mainly HVAC, Electricals and other major Engineering aspects.

On behalf of our “Team Engineering” Vadodara, I appreciate for the excellent jobs have done over the past several months on our Engineering projects. It was an enormous undertaking but went smoothly and efficiently and timely.

Your team has some strong technical capabilities in MEP design. It was delightful experiences to work with the “Team Geometric”.

Looking forward to working with your company in the upcoming years too.

Sincerely yours,

Francis Dabhi
